Violation(s)/Comment(s)

Note: Made consultation with Jen Perciful, inmate advocate for this operation, regarding a trusty testing positive for Hepatitis A that worked in the main kitchen. Gave information sheet regarding disinfection, prevention, handwashing, and employee health guidelines. Stressed the importance of handwashing and good personal hygiene - also eliminating bare hand use by gloves and utensils. Recommended handwashing sinks be properly supplied at all times and unblocked and accessible for use. Also discussed that employees must notify the Person-in-charge (PIC) if ill and when to exclude and when to restrict employees. Suggested the operation be disinfected using the guidelines on the document.
