A Note from the City Clerk

This is an informative document that identifies basic information about our local boards, committees, and commissions. The information provided shows who currently sits on each respective board, what their role is, when the board meets, where the board meets, and who to contact for additional information. A brief description of what each board does has also been provided. This document has been broken down into five main sections: City Boards and Commissions, Boards and Commissions with City Representation, Community Boards and Commissions, Hamilton City Council Member Appointments, and a chart showing a snapshot of information about the boards shown.

More information about each City Board or Commission can be found on the City's website under the "Government" tab on the top of the screen: www.hamilton-city.org. The Codified Ordinances or the City Charter also provides specific additional information about how each Board or Commission operates. Both the Codified Ordinances and City Charter can also be found on the City website under the "Find City Ordinances" section on the "How Do I" tab.

When a vacancy becomes available on any City Board or Commission an application will be posted on the City website under the relative page Committee page or a paper copy can be provided in the City Clerk's Office.

Lastly, committees that are not run by the City have also been included in this document. The information provided has sent to me from each of those respective groups. I understand that there are more business and community organizations in the City or County. However, these are the most common that work with the City. The information provided about each of them is based off of the records they provided.

Respectfully,

Nick Garuckas, City Clerk
City of Hamilton, Ohio
